

# 150 Montauk

Boston Whaler® introduces the newest member of the legendary Montauk® family, the 150 Montauk. A little sister to the popular 170 Montauk, the 150 Montauk features a center console design, a reversible pilot seat and a spacious bow / anchor locker, wrapped in a slightly smaller package.

Every bit of space on this fifteen footer has been optimized to promote superior versatility. For example, the exterior of the hatch for the forward storage / anchor locker features a molded nonskid surface to promote more secure footing so you can use the area for casting, setting anchor or for climbing in and out of the boat.

The reversible pilot seat at the helm features an adjustable seat back with four locking positions so it can function as a bench, leaning post or aft-facing lounge for observing watersports activities.

And its standard 60 horsepower Mercury® FourStroke engine ensures you have the power and performance you need for whatever water-based activities you enjoy. This convenient boat / motor / trailer package comes with a galvanized swing tongue trailer so you can fit it easily in an average sized garage.

## SPECIFICATIONS

- LOA: 15' 5" (4.69 m)
- Beam: 6' 6" (1.98 m)
- Draft (boat only): 7" (.17 m)
- Weight (dry, no engine): 950 lbs (430 kg)
