

190 Outrage

Enjoy classic style and advanced design features in a superior all-purpose boat. At 18' 10" with a wide 8' beam, our most compact Outrage® offers big advantages in an attractively priced boat / motor / package. Its 12" draft lets you ply shallow backwaters, yet its V-hull entry, 22" interior freeboard and 60-gallon fuel capacity make it equally suited for heading offshore. You get big-boat capabilities and yacht-quality touches, plus easy trailerability. It's loaded with standard features, plus generous storage space. The 190 Outrage features plenty of toe room for fishing, and extra transom space thanks to the removable port rear quarter seat base. Naturally, there are a choice of options for even more creature comforts.
